Agreement on Lifemate Joining MiraiVets Partners

MiraiVets Partners Inc. ("MVP"), which is owned by Integral Holdings Corporation and funds managed by affiliates of Integral Corporation, has agreed to and executed a definitive agreement for a strategic capital alliance with Lifemate, Inc. ("Lifemate"), which operates Lifemate Veterinary Hospital Group and Lifemate Veterinary Medical Center Group.

Since its establishment in November 2013, Lifemate has been dedicated to providing advanced, specialized veterinary care under its mission, "Connecting Small Lives to the Future." Lifemate has grown steadily, partly by bringing local veterinary hospitals into the group through business succession. It now operates 8 primary care facilities in the Kanto region and Hokkaido and 4 emergency and secondary care facilities in Tokyo. After joining MVP, Lifemate will keep its current approach and continue to provide high-quality veterinary care, from community-based primary care to advanced specialized treatment and emergency and secondary care.

With the addition of Lifemate, the MVP group is expected to encompass 62 facilities (61 veterinary hospitals and 1 laboratory) across 15 prefectures. Moving forward, we remain deeply dedicated to further contributing to the advancement of veterinary medicine in Japan as a unified group. Integral Corporation will continue to support the business operations and further growth of each company by providing its accumulated management expertise, the 'i-Engine' on-site support function, and its extensive professional network.
